Home Assessments for Wildfire Prevention

News Release Date
07-08-2024

During the months of July and August 2024, RX Fire Effects will be conducting curbside wildfire community and home assessments across Essex County on behalf of the Virginia Department of Forestry. The following neighborhoods will be included in the surveys, Battery, Bell Lane, Church Hill Road, Grandview, Gwynfield, Hustle, Lee Drive, Maple Valley Road, Mark Haven Beach, Purkins, Rappahannock, Rappahannock River Estates, Richneck, River Estates, and River Oaks communities. The surveys consist of Measuring things like driveway access, flammable materials and vegetation near the home. This information will be collated into a Community Wildfire Protection Plan.
